DORMITORY FUNDS RELEASED BY HYDE

WORK CAN BEGIN AT ONCE AT STATE TEACHERS COLLEGE.

WILL COST $200,000

Governor Says His Action Is to Help Relieve Problem of Unemployment.

Jefferson City, Sept. 12.—To relieve in some degree the problem of unemployment, Governor Hyde today announced he will immediately release the state funds appropriated for construction of new buildings at various institutions, aggregating $3,434,000.

Included in the quotas released is $200,000 for the State Teachers College at Maryville.

Governor Hyde said he believed excavations for buildings can be made and foundations laid during the fall, thus giving employment to hundreds of men in different parts of the state.

The funds from the state will be used for building a dormitory at the College. The board of regents will probably meet soon to discuss plans for the erection of the building.

The Democrat-Forum telephoned the news dispatch to W. A. Blagg, president of the board of regents, and President Uel W. Lamkin of the College. They were very pleased to hear the good news as it will mean Maryville will have a dormitory to house a number of students and will greatly relieve the rooming situation here.

Governor Hyde was urgently requested to release the appropriation for the dormitory at the last meeting of the Board of Regents, when a committee was appointed to call on the governor. The dormitory has long been a dream of the friends of the College. It is expected to bring many students and to be an important factor in the institution's predicted growth.

W. A. TINDALL IS CHAMP IN MARYVILLE GUN CLUB

Smith Finishes Second and Conder Third—Robinson Makes Best Score Yesterday

The Maryville Gun Club championship shoot, which ended yesterday, was won by W. A. Tindall. He scored 182 out of a possible 200 targets at 18 yards. The shooting yesterday was the best of the season. Many of the contestants, although practically eliminated, were shooting in good form. Robinson led with 98 out of a possible 100 on all targets. In the cup race Yeaman and Robinson, from a 16 yard rise, each broke 38 out of 40 targets.

Squad Three, shooting from an 18 yard rise in the first event broke 94 out of 100 targets. This squad was composed of Tindall, Smith, Winans, Conder and Souers.

The score shooting through the whole program was:

Tindall—182; Smith—178; Conder—177; Robinson—174; Winans—173; Yeaman—169; Souers—165; Williams—162; Geist—151.

The score on all targets yesterday was:

Robinson—98 x 100; Conder—71 x 75; Yeaman—70 x 75; Kuchs—59 x 75 Geist—52 x 75; Winans—48 x 50; Souers—47 x 50; Williams—37 x 50; Sellers—34 x 50.

The scores at twelve pairs of doubles were:

Winans—18; Robinson—17; Smith—16; Buhler—14; Hardin—14.

Glen B. Trullinger, son of Mr. and Mrs. Henry Trullinger, returned to Maryville yesterday from Omaha, where he had been spending the summer vacation.

CHURCH ADMITS KILLING TWO CHICAGO MEN

Youth Calmly Recites Details of Double Murder—A New Probe Begun By the State.

Chicago, Sept. 12.—As Harvey Church cowers in his cell here today the confessed slayer of Bernard Daugherty and Carl Ausmus, the police are checking the discrepancies in his confession that he perpetrated the most brutal murder in Chicago's history. Church told the officers last night that Daugherty's throat was cut with a rope before his body was deposited in Des Plaines river. The coroner's report states his throat was cut either with a sharp knife or razor.

Church's parents will be questioned today in connection with his habits and associates.

MOVE IS STARTED FOR MORE MUSIC

CHARLES R. GARDNER MEETS WITH MEN SINGERS.

PLAN A SPRING FESTIVAL

New Teachers' College Instructor Will Organize Chorus, Quartets or Other Groups.

Twenty men attended an informal meeting at the Conservatory of Music yesterday afternoon called by Charles R. Gardner, head of the music department of the State Teachers College, for the purpose of discussing the possibilities of a spring music festival and organizing a municipal chorus.

It is the plan to have both men and women in the municipal chorus, but in most towns it is harder to "round up" the men than the women, according to Mr. Gardner, who intends to get his male voices first.

"We don't want to have fifty sopranos and fifty altos and Teddy Roosevelt singing bass," he says.

The chorus will produce large choral works with the assistance of visiting artists.

A State Teachers College quartet was organized. It is composed of three former members of the Maryville High School quartet and one other member. This quartet will sing at all of the college programs and will go outside and sing also. A quartet will also be organized in the Elks Club by Mr. Gardner.

The Conservatory of Music is still negotiating for a teacher of piano of outstanding ability. The teaching personnel of the conservatory will have to be increased to take care of the larger enrollment expected.

Mr. Gardner will introduce class work into the conservatory, alolwing two or three or four students to take a lesson at once instead of one monopolizing the instructor's time.

The Conservatory building has had a bath. It has been cleaned all over and is ready for the beginning of school. The recital hall will be beautified and made into a club room for the band and all of the musical organizations of the city.

HIGH SCHOOL WILL PLAY SEVEN GAMES

OCTOBER 14 AND THANKSGIVING ARE OPEN DATES ON SCHEDULE

FIRST GAME OCTOBER 1

King City, Chillicothe, Trenton, Savannah, Bethany and St. Joseph Central Teams Will be Met

At a meeting of the coaches of the high schools of Northwest Missouri at St. Joseph Saturday, the schedule for the Maryville High School football team was mapped out. Prof. L. E. Ziegler has signed seven games and has two dates open. Whether or not the High School team will play a Thanksgiving game and where it will be played will have to be determined by the action taken by Russell E. Sprong, coach at the State Teachers College. If the College Bearcats play here on Turkey Day then the High School team will have to play away from home.

The schedule as planned is:

October 1—King City at Maryville.
October 7—Chillicothe at Chillicothe
October 14—Open.
October 21—Trenton at Trenton.
October 28—Savannah at Savannah.
November 4—Savannah at Maryville.
November 11—Bethany at Bethany.
November 18—St. Joseph Central at Maryville.
Thanksgiving—Open.

Things are beginning to look bright for the team at the high school this year. A squad of about twenty-five was out for practice Saturday and, according to Captain Harry Carstens that number will be doubled this afternoon. Although handicapped by the loss of fourteen letter men last year the high school still has eight men who have won the letter.

Ellis, a Pattonsburg boy, has enrolled in school here and from the looks of things he will make a name for himself as he is fast and handles the ball well.

Ellis is a quarterback and end, and is also a crack basketball man, having played two years on the "All Pacific" Navy basketball five.

Forty-nine men answered the call for football candidates in the opening assembly this morning. Twenty-four of these were given suits.

In spite of the fact that he has only two first string men from last year's team, Coach Ziegler is well pleased with his material. For the nucleus of his team he has the two regulars, Raymond Barry in the backfield and Captain Harry Carstens at end. Harold Eaton, center and guard, Harold O'Banion and Oren Masters, backfield, and Sam England and Gerald Hall, line, are letter men but did not play reglarly last year. Vodre Willoughby and Donald Davenport are also considered good prospects.

The football men must observe rigid training rules. The regulations laid down by Coach Ziegler say no smoking or eating of sweets, and those who fail to observe them will be dropped from the squad.

Fred E. Vandersloot, principal of Benton high school of St. Joseph was named football manager for the Northwest Missouri High School association.

The schedules were arranged with the representatives of the schools. The district will be divided into divi-

NEED OF TODAY IS PIONEERS' SPIRIT

THE REV. S. P. ALLISON URGES REVIVAL OF MORAL VITALITY

MUST BUILD FOUNDATION

We Need to Return to "Church-Going School-Encouraging and Law-Abiding" Lives, Says Pastor

"If the qualities of the early Missouri pioneers, "church-going, school-encouraging and law-abiding," could be revived today, our churches would increase in power and usefulness, our schools would become the training centers of righteousness and character they once were, and the awful wave of law-violation would be checked," declared the Rev. S. P. Allison in his sermon on "Pioneers' at the First Presbyterian Church last night.

"The pioneers who settled this country were men and women of deep purpose and seriousness of life, he continued, "Because of this they have many valuable contributions to make to the present and to the future.

"The pioneers were folks of strong faith. Their life centered about the Church, which after a very brief interval followed them into the wilderness of Missouri. But the church was not as indispensable in many ways then, as it is now. In those days the father daily gathered his family about him for family prayers, and the mother on Sunday would train the child in God's teaching. True it is that we react today against the austerities of the old pioneers, but is is to the stalwart character developed by passion for the right that we owe a great debt. The question with them wes 'Do I want to do it, but rather 'Ought I to do it?

"Today people are crazy after the material, the tangible. We think too much of the structure above ground, whereas the pioneers thought of the foundation. A ten story building cannot be safely erected on a foundation intended for one of three stories. Neither can a nation endure that is not founded on a serious minded righteousness seeking, high ideal holding citizenship. It is foolish complacency that think that just being in America is enough. The need of the hour is to strengthen the human foundation.'

"The question before us as a nation is, Will America realize the promise of the past, be true to her trust and attain to the goal of her ideals, arise to realize the manifest destiny which is her share of God's world plan? The answer is, 'Yes,' if America possesses the moral social vitality, the spiritual faith and vision, and unselfish devotion to humanity, which characterized the pioneers."

MOVIES HOLD NO THRILLS FOR HIM

FORREST GILLAM A SPECTATOR OF REAL TRAIN HOLD-UP

THREW MONEY ON FLOOR

Mrs. May Randall Narrowly Missed Being Present at Capture of Daredevil Bandit

With his money thrown on the floor beneath the seat, expecting every minute to have the muzzle of a revolver poked beneath his nose, Forrest Gillam, son of Mr. and Mrs. S. G. Gillam, sat in the first seat of the car next to which a real old-fashioned train hold-up was staged Saturday night on Burlington passenger train No. 16, about two miles north of Parkville.

After tying the train crew and robbing the passengers in the first coach, the bandit, Harry Burton, was captured by the conductor and taken to the Platte County jail at Platte City. The passengers in the second coach, who had been warned to remain in their seats, were not disturbed.

Gillam was on his way to Kansas City. Had the ropes with which the robber tied the train crew held fast, he would have been the first to face the bandit when he entered the second car. With the exception of a $5 bill, he had thrown all his money on the floor.

Burton is thought to have boarded the train at St. Joseph. Just before the train reached Waldron, Burton cornered the porter and brakeman in the last car and locked them in the vestibule. He then went to the first passenger coach, where he found three more members of the crew.

After satisfying himself that the trainmen had no weapons, he compelled F. G. Wilkinson of St. Joseph, brakeman, to tie the others. At that juncture Conductor McGee came along. He was overpowered by the bandit and, with the others, was tied by Wilkinson, the bandit ordering the brakeman to make two knots in each rope.

Then Wilkinson was ordered to take of this hat and go through the train and relieve the passengers of their valuables.

He had finished the first car and started on the second when McGee, in the first car, managed to wrench his hands free. McGee immediately released the other and pulled the cord to stop the train. Then he went forward to acquaint other members of the crew with the fact that the train was being held up. The engineer and fireman immediately uncoupled the engine and started for Parkville for help. McGee, according to his story of the robbery, went back through the car in search of a revolver.

Obtaining a weapon from some one he did not know, McGee says he made his way back to the smoker. As he reached the smoker, he says, the lights on the train suddenly went out.

When the lights were turned out, Wilkinson was near the rear of the smoker. He dashed into the chair car behind, tricking the bandit into entering the smoking compartment, where he was locked in. In one of the rear cars Arthur Minnich of Orrick, Mo., had a revolver, and the two went into the car where the bandit was imprisoned.

The bandit was still in the smoking compartment. Minnich slipped into the small room and thrust the revolver in the bandit's side. Others rushed in to help disarm the man and Wilkinson grabbed a revolver from a negro porter, striking the bandit over the head. Not a shot was fired.

The calmness of passengers in his coach was remarkable, according to Mr. Gillam. Even when the trainmen came running through on their search for revolvers, there was no commotion. The passengers were warned to remain quiet, and they kept a tense silence, most of them trying to hide their money before the bandit should appear.

Mrs. May Randel, an employee of the Farmers Trust Company, narrowly missed being in the hold-up. She went to St. Joseph on the train, but after arriving there decided to make the rest of the trip to Kansas City on the interurban.

LOSS OF LIFE IN TEXAS CLOUDBURST UNDETERMINED

Casualty List Grows With Late Reports—Property Damage Amounts to Millions.

Dallas, Tex., Sept. 12.—As wire communication is again being slowly re-established after Friday night's cloudburst in Central and Southwest Texas, the loss of life and property damage grows.

Seventy-eight bodies have been recovered. Many others probably have been swept away. The area of twelve thousand square miles has suffered great damage. Millions is only the word used to express the real figure but it will be many days before an official estimation can be had.

In the San Antonio district the dead are estimated at 100.

Two are dead at Georgetown, twenty at Taylor. At Gelenfor plantations, small farms, residences and business property suffered an estimable loss.

Houston, Texas, Sept. 12—A message from Wharton late Sunday night reported that the Colorado river was rising five feet an hour and that residents of the lowlands were fleeing.

Untold numbers of dead livestock are riding the crest of swollen river as it rages past Wharton. The damage about here "must be tremendous," the message said.

San Antonio, Texas, Sept. 12—The list of known dead from the flood of early Saturday was 47 late Sunday The dead and missing are estimated at approximately 250 by officials engaged in recovering the bodies, while Police Commissioner Phil Wright estimated that it might reach 300. Many residents consider these figures high.

The property loss is placed at $5,000,000 by some business men and those in charge of reclamation work. Estimates both lower and higher also are heard.

EVANGELISTIC PROGRAMS START

CHRISTIAN CHURCH CAMPAIGN OF EVANGELISM IN FULL SWING.

MEETINGS IN PROGRESS

Every Christian Church in County to Have a Revival—Expect From 1,000 to 1,500 Additions.

One of the greatest evangelistic programs ever launched by a religious body in a single county is being conducted now by the Christian churches of this county. The plan was conceived some months ago by the county board and the program has been worked out in detail, whereby every church in the county can have a revival meeting of their own, and then receive benefits from the bigger and more extensive campaigns in the larger churches over the county.

The Clearmont revival, conducted by Rev. R. E. Snodgrass of Maryville and Ernest Lunsford, singer, closed two weeks ago with sixty additions to the church. This was the first meeting and gave to the campaign a good start.

Other meetings were begun last week

BATTLE BEGINS TO SAVE MOVIE STAR

FATTY ARBUCKLE, FACING MURDER CHARGE, SMILES NO LONGER.

BLAMED FOR GIRL'S DEATH

Series of Wild Drinking Parties Brings Famous Comedian to Grief —Refuses to Talk.

San Francisco, Sept., 12—Roscoe (Fatty) Arbuckle, screen actor, was formally charged in police court today with the murder of Miss Virginia Rappe, motion picture actress, Captain of Detectives Duncan Mathewson said today.

Arbuckle was booked on the murder charge by the police Saturday at midnight, and has since been held in jail. He refused to make any statement or comment.

Under the California penal code, no bail is allowable to a person charged with murder. If District Attorney Matthew Brady returns to the city in time, the case is expected to be presented to the grand jury tonight, according to Mathewson. An inquest will be held Thursday.

Miss Rappe, who died Friday, was removed from Arbuckle's rooms in a hotel last Monday in a critical condition after a party, at which five men and four women were persent. Following an autopsy, surgeons said death was due to peritonitis, superinduced by an internal injury.

New York, Sept. 12.—Henry Lehrman, former directeor of Fatty Arbuckle and fiance of Virginia Rappe, whom Arbuckle is charged with murdering, was bitter today.

"I don't want to face Arbuckle now. I'd kill him," said Lehrman.

Arbuckle came into the pictures nine years ago, Lehrman declared. He served as bar boy in a San Francisco saloon cleaning spittons.

"This is what comes of taking vulgarians from the gutter and giving them enormous salaries," Lehrman declared.

New York, Sept. 12—Theaters throughout the United States are cancelling bookings for Fatty Arbuckle pictures.

San Francisco, Sept. 12.—A battle of wit, money and influence is under way today to save Fatty Arbuckle, famous movie comedian, from the gallows.

Rallying to the support of the state in its effort to convict Arbuckle, the friends of Virginia Rappe, the beautiful actress with whose murder Arbuckle stands charged, demand that justice be done.

With a galaxy of brilliant legal talent in charge of the Arbuckle defense, District Attorney Brady declared today that he would spare no effort to punish the "perpetrator of this atrocious crime." The evidence shows, Brady declared, that Arbuckle either assaulted

PLAN OF RENTING BOOKS SAVES STUDENTS MONEY

Cost of All Necessary Texts Is $4.00 for Two Terms—Committees are Appointed.

At the first faculty meeting, held this morning, committees were appointed to take care of all phases of the school life and plans made for the term's activities at the State Teachers College.

As a new feature for the convenience of the students, a system of rental of text books was perfected. It is now possible for a student to have access to as many books as may be required in his or her course for a minimum sum. The plan is as follows:

At the beginning of the fall qarter the student goes to the college supply store and makes a deposit of $5. He is then entitled to take out as many books as his line of study requires. At the end of the quarter he brings back the books and if they have been kept in reasonably good condition, he is refunded $2. This makes the rental of the books for the quarter, $3. If, however, he wished to continue in school for another quarter he does not receive a refund but at the end of the second quarter the sum of the dollar is returned to him. If the student goes to school a third quarter he again deposits five dollars and the system continues. Total rental of books for a student for a year (three quarters) would be seven dollars.

In speaking of this new system, President Lamkin said, "Last year it cost from twenty to twenty-five dollars for books for a year. At the end of the year the books would be sold back but there was a big loss to the student. That it why we are inaugurating this new system. Of course students can still buy books if they wish, but I don't think that many of them will want to."

Committees were appointed to look after each part of the school life. They are:

Classification Committee, Admission and Advanced Standing—Dean G. H. Colbert, Dr. Fred Keller, Mr. Wilson, Mr. Miller, Mr. Hawkins, Miss Hopkins, Mr. Cook, Miss Winn, Mr. Loomis.

Recommendation Committee — Mr. Hawkins, Dr. Keller, Miss Winn, Miss Shepherd.

BATTLE BEGINS

(Continued from page 1)

or attempted to assault Miss Rappe.

The penal code of California provides that the taking of human life "in the commission of an assault or an attempted assault" is murder in the first degree.

Arbuckle is being held without bail. Witnesses, including all the persons who attended the wild party in Arbuckle's St. Francis Hotel room, her nurse and others whose identity is being guarded by the police, will be called before the grand jury. The inquest will be delayed until Thursday.

Accompanied by his attorney, Arbuckle, who had gone to Los Angeles, came here by automobile Saturday night and went at once to police headquarters. He was questioned by detectives for several hours, but on advice of his attorney he refused to answer questions. At midnight, Captain Mathewson ordered him booked for murder. Arbuckle lost his usual jaunty manner, and as he posed for newspaper photographers, who asked him to smile, he said:

"Not on an occasion of this sort."

All day Sunday Arbuckle persisted in refusing to answer questions of the police, and his attorneys, under whose instructions he was acting, declined to discuss the case.

Miss Rappe was 25 years old and was born in Chicago. She attracted attention in that city in 1913, it is said, by advice to young women to create original methods of making a living. She was then making $4,000 a year as a traveling art model, she said. Miss Rappe came to San Francisco in 1915, and for a time designed gowns and wore them as a model. She began acting in motion pictures at Los Angeles in 1917, and took leading parts in several. Her mother is dead.

Arbuckle was born in Kansas 34 years ago. When 8 years old he appeared as a pickininny in a stock company at Santa Anta, Cal., for 50 cents a night. Ten years later he received $17.50 for singing popular songs in a San Jose, Cal., vaudeville house. That was his first regular theatrical engagement. Afterwards he sang in a Portland, Ore., burlesque theater and later was a dancer in Oakland, Cal.

Arbuckle's first motion picture work was with companies producing slapstick comedies. It paid him $3 a day. Since then he has produced many film plays as head of his own company.

EVANGELISTIC PROGRAMS START

(Continued from Page 1)

and still others are beginning this week and so on until the campaign closes the last of October. This month is the month of the shorter meetings ,being conducted largely by the local ministers. Next month the more extensive campaigns will be held, led by evangelistic companies.

Meetings are now in progress at the following places:

Wilcox—Warren and Lunsford, evangelists, will close Wednesday night of this week.

The Bedison meeting, Chapman and Lincoln, evangelists, is more than a week old and continues.

The Gaynor meeting is being held by Gillispie and Kelley of Hopkins.

The Elmo meeting began last Sunday with the pastor, Hugh McClellan, leading.

The Bethany meeting is being conducted by the pastor, S. D. Harlan of Graham.

The Ravenwood meeting will begin Sunday, Sept. 18, and will be conducted by S. W. Nay of Kansas City and Ernest Lunsford of Maryville.

The Pickering meeting will begin September 25, and will be led by James Small of Kansas City and J. A. Kay of Quiney, Illinois.

The October meetings will begin October 2nd, and are as follows: Maryville led by Kellems and Humbert company. Burlington Junction meeting by O. E. Hamilton Company. Hopkins meeting led by Early and Van Evera Company. Barnard meeting led by Wray and Lunsford, evangelists. Skidmore meeting led by Sword and Wilson, evangelists.

The plan also provides for a county religious census. The churches of the county have been assigned certain definite territories to cover and this work is being done this month. Some of the churches have already done their work and others are planning to finish this week. This census will give some valuable information that will be used to advantage in the meetings. It will reveal the general religious condition of Nodaway county and it is expected that the results of this canvass will be published later.

There will be a meeting in Maryville tomorrow of the county board and representatives of the church to talk over plans for the furthering of the campaign. The meeting will be held in the Maryville Christian church.

It is expected from 1000 to 1500 members will be added to the Christian churches of the county during Evangelistic Companies who have been engaged to assist in the campaign are all men of ability and are among the leading evangelists of the churches. They have held large meetings all over the country and have added thousands by their efforts. The County Board is to be congratulated in being able to secure so many men of such character for the one month of October, the very best month in the year for a revival meeting.

Rev. Jesse Bader of St. Louis is the Secretary of Evangelism of the Christian church under the United Christian Missionary Society and he has told Mr. Snodgrass of this county that the whole brotherhood is watching this campaign with much interest, and already other Counties over the country were beginning to plan similar campaigns. Polk County, Ia., will have a similar campaign in November and a few counties in the State of Oregon are making like plans. Sec. Bader says, these gained their inspiration from the Nodaway county churches.

An extensive publicity campaign is to be carried on from now until the close including plans for a daily news sheet being sent out through October to all the churches and communities.

RAIN AMOUNTED TO 2.58 INCHES IN THREE DAYS

The rains of the past three days have amounted to 2.58 inches, according to Weather Observer J. R. Brink. The rain this morning was .83 of an inch, Sunday it was .82 of an inch, and Saturday it was .93 of an inch.

MISSOURIANS MEET IN CHINA

Verne Dyson and Prof. Joseph W. Dyson Parted 25 Years Ago

It's a long way from Montgomery City, Mo., to Soochow, China, and Verne Dyson and his cousin, Prof. Joseph W. Dyson of Soochow university, regard it as courious that their first meeting in twenty-five years should have been in China. It was back in the Missouri village in the summer of 1896, when they were school boys, that the Dyson cousins said good-bye, not to meet again until recently, when Verne Dyson spent the week-end in Soochow. Professor Dyson was graduated from Central college in Fayette in 1910 and his cousin was garduated there five years earlier. During the absence of Dr. John W. Cline, president of Soochow university, in the states, Professor and Mrs. Dyson and their little daughter are occupying the Cline home in the missionary compound.

Verne Dyson's parents and other relatives live in Kansas City. He is a nephew of the late Dr. J. M. Singleton.

Dyson left Kansas City in 1912 for California, where he has a country home at San Gabriel. He then went to Shanghai to become manager of a British publishing house.

—From the Shanghai Mercury

Prof. Joseph W. Dyson left in August, 1919, for Soochow to teach in the university at that place, Mrs. Dyson, who was formerly Miss Myrtle Sheldon of Maryville, accompanied him as a missionary to the Chinese.

OBITUARY.

Leona Mae, daughter of Myron and Jessie Newton, was born March 6, 1914, in Skidmore, Mo., and fell asleep in Jesus at St. Francis hospital in Maryville, Mo., September 8, 1921, being at the time of her death, seven years, six months and two days old. She spent all of her short life in this vicinity, where her kindly disposition and happy smile won for her the place of general favoritism. This love found demonstration in many beautiful, sad expressions that have been made by many friends and acquaintances since the news of her going has been spread abroad. It was her desire to regain her health and strength that she might soon return to her school work. With this thought she went bravely to the hospital hoping soon to be back home again.

But our plans do not always carry on, and today our little friend is not with us. She is at home—at home with God, where "there shall be no more death, neither sorrow nor crying, neither shall there be any more pain; for the former things passed away." To her all things have become new. We rejoice in the thought of her wonderful glory and unspeakable joy as she stands today free from pain and all suffering. God has received her to Himself, for it is said in His word: "For of such is the kingdom of Heaven;" so with this hope we are comforted even in the midst of overwhelming sorrow. Her place cannot be filled in the home, where she was the joy and pride of the family. Her happy face will be missed in the day school and Bible school of which she was a faithful member. But although we shall miss her sadly, yet we shall ever feel that she is not far away, beckoning and calling her loved ones and little playmates and friends to join her in her beautiful new home.

She leaves a father and mother, and two brothers and a little sister, Homer-Frederick and Mary Alice, besides a large circle of other relatives and friends to mourn her going away.

"Oh can it be that she is dead,
Her form grown still and cold;
Oh, must we give her up
And nevermore her face behold?

"We'll miss her now she's gone,
She journeyed on alone;
The dark river she has crossed;
She'll sing around the throne.

"Her sleep is sweet,
Never more to waken;
Resting in God's love,
Our Leona was taken."

The pallbearers and flower girls were her little friends and schoolmates: Verda Fraye, Eunice Horn, Evelyn Monk, Ruby Devers, Genia Dale Logan, Dorothy Ashbrook, Kathryn Early and Maxine Stevens.

PRODUCE REVIEW

Chicago, December 12.—Improvement noted in the butter market, continues. There is a good demand for butter and somewhat lighter production.

Egg receipts are liberal for the season, and prices are lower. Quality of offerings shows little improvement.

Fowl and spring chickens are being marketed freely, and there is an over supply on the larger eastern markets. An easier tone prevails with slightly lower prices ruling.

Although the water of Niagara Falls is really clear, it appears green as it falls. This is said to be due to carbonic acid gas.

CONDUCTOR INHERITS MILLION; KEEPS ON PUNCHING TICKETS.

Los Angeles, Sept. 12.—Imagine punching tickets year in and year out on a steady grind and then have some one leave you a million dollars.

That's Ed Kohler, Pacific Electric conductor on the Pasadena Shortline.

Kohler's uncle died in New York, leaving him his entire estate, amounting to almost a million dollars. Ed took a leave of absence, settled up the estate and then returned to his old job. Now he varies the monotony of punching tickets by clipping coupons.

Asked why he came back to his old job, Ed laughed and said:

"I thought I'd rather work for the company than buy it."

For the benefit of the ladies, Kohler is happily married.

TELEPHONE SUBSCRIBERS GET RADIOPHONE MARKET REPORTS

Something new in the way of telephone service is the receipt of daily market news and quotations by radiophone and their immediate dispatch by wire telephone to the 3,000 subscribers of an Illinois rural telephone company.

In a letter to the Bureau of Markets and Crop Estimates, United States Department of Agriculture, the telephone company says that the bureau's market reports relayed by the St. Louis University by radiophone are heard distinctly, and that it has opened a special radio office to handle the work of receiving and sending the messages to its subscribers. The service has been widely advertised in the local newspapers, and not only the farmers and shipping associations but commercial business men as well are keenly interested in it.

The company's radiophone receiving office is 69 miles from St. Louis. Its 3,000 or more subscribers are located in 19 towns. The plan is that at certain hours each day the subscribers simply "listen in" on the wire as the market reports are read over the telephone. It is also proposed by the company to install a radiophone transmitting set to relay the reports by radiophone to smaller receiving stations in the surrounding territory.

An Illinois bank located 55 miles from St. Louis has also informed the bureau that it is receiving the market and weather news regularly by radiophone. The St. Louis University says that many individuals, banks, and other commercial and agricultural agencies are receiving the radiophone market reports.

Ever Notice This?

You're a smart person no doubt but why does the sun pull all chimneys toward the east? The side of the chimney which the sun strikes first in the morning dries more quickly than the western side. In the drying process the sun actually pulls or wraps the chimney toward the east. Ask any good bricklayer.

CLEARMONT CHRISTIAN CHURCH ELECTS OFFICERS

The Rev. R. E. Snodgrass Assists in Reorganizing Church and Sunday School.

The Rev. R. E. Snodgrass, pastor of the First Christian church here, went to Clearmont yesterday to assist in the reorganization of the Christian church there and its Sunday school. A meeting was held at the church in the afternoon, at which Mr. Snodgrass was assisted by the Rev. D. B. Warren and by Ernest Lunsford, who led the singing. There were seven baptisms and one confession of faith.

Church elders elected were J. T. Smith, J. N. Hunt and James Combs. The new deacons are Ira Newlon, Guy Clary, Ed Clutter, Henry Crane, George Benthien and Asa Porterfield. Mr. Snodgrass will meet with these officers at 4 o'clock tomorrow afternoon to make plans for the coming year.

The following officers for the Sunday School were chosen:

Superintendent, M. I. Rose.

Assistant superintendent, Mrs. Flora Newlon.

Secretary, Miss Norine Burch.

Assistant secretary, Ona Blain.

Treasurer, Miss Oma Baneroft.

Superintendent of cradle roll department, Mrs. Will Linebaugh.

Pianist, Miss Lola Baker.

The teaching staff of the Sunday school will be selected soon, and the first meeting under the new organization will be next Sunday.

MISSION CIRCLE PICNIC HELD IN BIBLE CLASS TENT

Dr. C. C. Drummond, the living link missionary to India supported by the First Christian Church here, spoke at the morning service here and at the Skidmore Christian Church at night. Mrs Drummond spoke at the evening services at the church here.

Both Mr. and Mrs. Drummond made short talks after the basket dinner yesterday, which was held in the Men's Bible Class tent after rain made it impossible to go to the Tourists' Park. A vesper service was held in the church after the picnic dinner.

NEW TEACHERS TO BE GUESTS AT LUNCHEON

New men in the faculties of the State Teachers College and the Maryville High School will be the guests of the Chamber of Commerce at its regular weekly luncheon at the Linville Hotel tonight. There will be several short talks and music. After the luncheon, there will be an important business meeting in the Chamber of Commerce Rooms.

Homer Scott to St. Joseph.

Homer Scott, son of Mr. and Mrs. W. L. Scott, and a brother of Mrs. Ralph Masters of Maryville, is going to move from Los Angeles, Cal., to St. Joseph, according to the News-Press. Scott, who formerly played on the Maryville State Teachers College and Los Angeles Athletic Club basketball teams, will join the Hillyard team in St. Joseph. Scott is one of the greatest basketball guards ever seen in action here.

Mr. and Mrs. Dan Gallagher were week-end visitors at the home of their daughter, Mrs. Pete Myers, and family.

MRS. GEORGE W. JONES DIES AFTER AN EXTENDED ILLNESS

Dr. O. L. Curl Preaches Funeral Sermon at the Home This Afternoon

Mrs. Pina Minerva Jones, 61 years old, wife of George W. Jones, died at 8 o'clock Sunday morning at the family residence, 201 East Thompson Street, following an extended illness. Funeral services were held at 2:30 o'clock this afternoon at the home, conducted by the Rev. O. L. Curl of the First Methodist Church. The body, accompanied by Mr. Jones and his sons, Dennis M. Jones of Maryville and John R. Jones of St. Joseph and Mrs. Mary C. Spurgeon of Petersburg, Ill., will be taken to Mrs. Jones' former home in Petersburg, Ill., for burial, the funeral party leaving Maryville this afternoon.

Pina Minerva Trenary was born January 27, 1860. She was married to George W. Jones in Petersburg, Ill., on November 27, 1879. Soon afterward, she and Mr. Jones moved to Nodaway County and for a number of years lived on a farm, northwest of Maryville. Ten years ago they removed to Maryville and had resided here since. Surviving her are her husband, George W. Jones, and three children, two sons, John R. Jones of St. Joseph and Dennis M. Jones of Maryville, and a daughter, Mrs. Daisy Kelley of this city. Four grandchildren also survive, Gertrude, Virginia and Paul Jones and Helen Pauline Kelley. Mrs. Mary C. Spurgeon of Petersburg, Ill., and Mrs. Lizzie Lane of Bucklin, Kan., are the surviving sisters. She was converted and united with the Cumberland Presbyterian Church in early childhood from which church she has never changed her membership.

Mrs. Adelia Seaton of Lathrop, Mo., is here for an extended visit at the home of her sister, Mrs. N. F. Hopper.

BURLINGTON JUNCTION WINS TENTH STRAIGHT HOME GAME

Monk's Airtight Pitching Blanks Wilcox, 6-0—Paul Buhler Hits Triple

Burlington Junction won its tenth straight game on the home diamond yesterday when the Boosters defeated Wilcox by a score of 6 to 0. The feature of the game was the pitching of Monk for the winners. He seemed to have everything on the ball and time and again the Wilcox batters struck at the ball, only to find out that it wasn't where they thought it was.

Monk allowed only two hits, struck out six batters, walked only one and batted nicely himself. Hubble, who pitched for Wilcox, also hurled good ball but his support was not all that it might have been. He allowed ten hits, struck out nine men, walked one and hit one.

The longest hit of the game was made by Paul Buhler in the first inning. He hit a three bagger out over left field. The ball sailed high but lacked the distance to make it a circuit drive.

Burlington Junction scored its runs in three innings. Three were made in the third inning; one in the sixth, and two in the eighth.

A large crowd attended the game. It was announced that a purse of $50 and the gate receipts would go to the winner but before the game this was changed and the game was played on the same basis as other contests.

The batteries were: Burlington Junction—Monk and Hagey; Wilcox—Hubble and Tobin.

Garnett from Skidmore did a very creditable job of umpiring the game.

HIGH SCHOOL CLASSES ARE DISMISSED AT NOON

High School students were dismissed this afternoon, after all classes had met for short periods. New teachers were introduced at the opening assembly and a number of announcements made. The class periods were then shortened and the students dismissed at noon to give the instructors time to complete their schedules and get rid of conflicts. Regular classwork will begin tomorrow.

MME. OLGA THIS WEEK AT THE EMPIRE THEATRE

Mme. Olga who "knows all and tells all," will open her weeks' engagement at the Empire theatre, by giving one of the most mystifying programs ever seen in this country.

This company comes here with an entire car load of baggage and effects. People who are fortunate enough to see this production will see absolutely greatest show of its kind ever seen in this country, according to advance notices.

Mme. Olga will answer questions pretaining to business affairs, money matters, love, marriage, divorce, missing relatives will describe them and tell of past and future events. Mysterious Smith will produce hundreds of illusions which will keep his audience mystified through out the entire engagement.

This company is expected to create more actual interest and excitement than any thing that has been here in years.

Mrs. Bohm Here

Mrs. Henry Bohm of Denver, Colo., arrived Saturday night to spend several weeks with her daughter, Mrs. Ferdinand Townsend, and family. Mrs. Townsend went to St. Joseph Saturday morning to meet her mother.

Praises C. of C. News Letter

Warren Jackson, former secretary of the Maryville Chamber of Commeree, now at Harrisburg, Pa., writes that he has received a copy of the news letter of the chamber here, praising it as "pepful and informative" and "brimful of information showing that the Maryville Chamber of Commerce is very much on the job and contains much of real news."

Leaves for Conference

The Rev. F. E. Edwards, pastor of the Methodist Church at Burlington Junction, left this morning for Brookfield, where he will attend the 104th session of the annual Missouri conference of the Methodist Episcopal church.

Suits Filed for Circuit Court

The case of the city against Ed Hammond was appealed to the circuit court today. Hammond was charged with selling liquor by the city and was given a fine of $1,000 and a jail sentence of one year. He took an appeal to the circuit court.

A suit on a note was filed by Anna Kimple against Jerry and John O'Connell.

Miss Carpenter Returns.

Miss Katherine Carpenter returned Saturday morning from an extended trip to Washington, D. C., New York, and other places of interest in the East. She was accompanied by her sister, Miss Lillian Carpenter, who remained in Canton, Ohio, where she will spend the winter with her sister, Mrs. Campbell Yothers, and family.

Called to Lincoln.

Mrs. C. C. Drummond and daughter Helen, who, with Dr. Drummond, visited in Maryville over Sunday, left this morning for Lincoln, Neb., where she was called by the death of her brother Mr. Iiams, which occurred yesterday afternoon. Dr. Drummond will remain here until tomorrow morning, when he will go to Lincoln to attend the funeral services.

Students From Fairfax

Among the new students in the State Teachers' College this fall, according to the Fairfax Forum, will be Carl Lindstrom and Misses Opal Lindstrom and May Stouffer, all members of last year's graduating class of Fairfax High School.

IGNORE G. O. P. TAXATION LAW

NODAWAY COUNTY AS WELL AS 15 OTHERS EXCEED LIMIT.

INCREASE HERE 23.3

Law Prohibited an Increase in Taxes in Any One Year of More Than 10 Per Cent.

Jefferson City, Sept. 12—Nodaway County as well as fifteen other counties have ignored the law, passed as a Republican administration measure at the last regular session of the legislature, prohibiting an increase in taxes in any year of more than 10 per cent above the total of the taxes for the preceding year.

Information filed here with the state tax commission shows that of the sixteen counties already known to have disregarded the law, two have levied a tax increase of more than 50 per cent; another has increased 47 per cent and four others have specified for increases of more than 30 per cent.

Information filed with the tax commission shows that Nodaway County have raised taxes 23.3 per cent. According to the report, the tax of Nodaway County for 1920 was $128,770 and this year it is estimated at $158,893.

It is expected here that it will be discovered later that a number of other counties also have exceeded the large increases.

At least one railroad company has complained formally to the state tax commission on the preposition.

GIRL DRIVER NEARLY RUNS OVER BOTH CITY AND STATE

Backs at Speed of Twenty-Five Miles Into Cars of Mayor and Prosecuting Attorney

It might have been a serious accident, but luckily no one was seriously injured about 9:30 o'clock last night when a car driven by an unexperienced young girl backed into the car of Mayor Fred P. Robinson, throwing his car against the car of Prosecuting Attorney Charles McCaffrey, while these two cars were parked in front of the Nodaway Valley bank on Main street.

At the time of the accident, Mayor Robinson was between the two cars talking to Mr. McCaffrey. He did not see a car backing from the north and his attention was called to it by Mr. McCaffrey who had noticed it an instant before it hit the Robinson car. Mr. Robinson made a jump to get out from between the two cars and had nearly succeded when a blow on top of the head knocked him down. The blow came from a bow in the top of his car striking him as his car was nearly turned over by the impact. He received several bruises. He was still very stiff and sore today from his narrow escape.

Mayor Robinson narrowly escaped having both legs cut off by the accident. The running boards on the two cars were pushed close together and how Mr. Robinson escaped, he does not know. The sole on one of his shoes was nearly taken off by the running boards.

The car, it is said, was driven by a young girl who was accompanied by Glenn Goodson of Ravenwood. The girl admitted she had never had much experience in driving a car and said it happened by her getting into reverse instead of into low when she attempted to start the car, which was in front of the Courthouse, when the car struck the Robinson car, it was estimated she was going 25 miles an hour. The impact of the two cars made a noise that could be heard for several blocks.

Mr. Goodson, as well as the young girl, were very sorry about the accident and Mr. Goodson offered to pay the damage to the two cars which includes new fenders, running boards and probably other parts.

Prosecuting Attorney McCaffery, who was seated in his car while the accident was taking place, said afterwards to the young girl "you tried to run over both the city and the state."

Return From Colorado

Miss Mary MacLeod, Miss Minnie James and Miss Beatrix Winn, instructors at the State Teachers College, returned last night from their vacation which was spent at Miss Winn's cottage in Manitou, Colo. Miss Olive DeLuce and Miss Blanche Dow, who accompanied them, are returning to Maryville in Miss De Luce's car and will arrive here soon.

Miss Hattie Noble left Sunday morning for Santa Ana, California, where she will make her home. Miss Noble had been spending six months here with Mrs. E. J. Baker.

NODAWAY COUNTY IS FIRST IN CORN

LEADS EVERY OTHER COUNTY OF MISSOURI IN CORN THIS YEAR

AVERAGE YIELD 32 BU.

Total Crop Is Estimated at 5,573,120 In Nodaway—Atchison County is The Third County

Jefferson City, Sept. 12.—Nodaway county is the banner corn county in the state of Missouri this year, according to the report of the state crops. The report gives this county a corn yield of 5,573,120 bushels. Saline county is second with 5,130,380. Atchison is third with 4,540,680.

Missouri's 1921 corn crop now totals 206,372,000 bushels, according to E. A. Logan of the United States Bureau of Markets and Crop Estimates, and Jewell Mayes of the State Board of Agriculture. The September condition of 86 per cent indicates a yield of 33.54 bushels per acre against 32 in 1920. The production last year was 198,880,000 bushels on 6,215,000 acres.

The farmers of Nodaway county on September first, estimate their corn to yield 32 bushels per acre, which would produce a county total of 5,573,120 bushels and the condition was 77 per cent of normal. Threshing returns on oats in this county show a yield of 27 bushels per acre with a total yield of 824,310 bushels. Pasture was 64 per cent of normal fall condition.

Missouri corn is 86 per cent of a full crop, forecasting a yield of 33.54 bushels per acre, or 206,372,000 bushels on 6,153,000 acres. In the best corn growing section the crop is as good and possibly better than last year, and the state total is greater but the prospects in the southern third are below last year. This yield has only been exceeded in 1917 and in 1912 during the past ten years. The major acreage is well toward maturity, with much of it dented and feeding has already begun with "hogging down" in many sections. The rains of early August came too late to help the crop in small dry sections near and west of St. Louis. No rain fell for 70 days in some localities. In most of the state rains improved corn prospects. Corn cutting has commenced and silos are being filled.

Missouri farmers expect to cut 7 per cent of their corn for silage and 28 per cent for fodder. Windstorms did considerable damage in Macon, Pettis, Lafayette and other counties. In the extreme northwest corner, including Atchison, Nodaway and also the extreme northeast, Clark, Lewis and nearby sections, the drouth continued to reduce the prospects. Chinch bugs are on corn in a large area, but damage has not been nearly so serious as last year.

The counties producing over three million bushels each are Atchison, Clinton, Daviess, Dekalb, Harrison, Holt, Nodaway, Carroll, Chariton, Audrain, Bates, Cass, Lafyette, Pettis, Saline and New Madrid, totaling 59,240,260 or 28 per cent of the state yield. Most of the crop will be beyond frost damage in two weeks.

Wheat seeding, from present intentions, will be but 91 per cent of the 1920 seeding, and if carried out would indicate a fall seeding of 2,566,000 acres. The fear of bugs and flies in many counties, together with the low returns from this year's crop, is the cause of lessened interest in wheat seeding. In a few counties it has been too dry to plow, while in many others it has been too wet, but on the whole conditions have been favorable to the plowing of stubble land and preparation for seeding is well under way.

Missouri's 1921 oat crop on 1,846,000 acres, the largest area ever seeded to oats, is threshing out 19 bushels per acre, or a total of 35,074,000 bushels against 54,138,000 bushels last year. The acre yield is the lowest since 1911, and the quality is much below the average. Audrain county leads with 1,121,950 bushels.

Tame hay yielded 1.13 tons per acre, or 3,241,000 tons against 1.24 tons and 3,902,000 in 1921. At scattered points not all of the timothy and other mixed hay was harvested on account of price conditions. Prairie hay on 135,000 acres yielded 1.10 tons per acre, but it is probable that 20 per cent of the prairie hay acreage will not be harvested. Alalfa yielded 2.5 tons all cuttings against 2.52 last year. Clover for seeding is being harvested on a very short acreage, and is badly infested with weeds, acreage about two-thirds of last year when the area was large. Millet condition 88 per cent; kaffir, 87 per cent; cowpeas and soybeans, 85 per cent. Pastures 87 per cent, and doing fine in nearly all sections since the rains, except near St. Louis and one or two other counties where stock have been fed during all of August. Most meadow pastures are fine.

Garden crops are nearly all harvested, except fall vegetables. Potatoes 58 per cent, averaging 50 bushels per acre, tubers are small and poor quality, yield the lowest since 1914. Sweet potatoes, 78 per cent; beans, 78 per cent; tomatoes, 77 per cent; cabbages, 63 per cent, and onions, 82 per cent. Grapes, the only fruit left, is 40 per cent. Watermelons 88 per cent of a normal production, and large crop nearly everywhere for home use. A considerable portion of the melon crop in the commercial section was lost because of no market. Cantaloupes yielded 83 per cent of a crop. Sorghum cane 85 per cent, and peanuts 80.

Stock hogs are about the same number as last year, with the larger portion in the northern half of the state. Hog cholera is in Vernon and Bates. Flies have been very bad, especially in the central and eastern portion, and live stock have lost weight and work horses and mules greatly annoyed. Wool production was only 88 per cent of that in 1920.

General crop conditions are very poor in the southern third, and only fair in the middle sections, but are good in the north. The season has been one of floods and drouth, and heat and cold have followed each other in quick succession. Corn in the state is the one best crop. Farmers are curtailing expenses, and not pushing farm operations.

Miss Cummings Returns.

Miss Doris Cummings, who had been visiting in Portland, Ore., for three months with her sister, Mrs. H. G. Case, returned to Maryville yesterday. Enroute home she stopped in Kearney, Neb., for a visit with Miss Elsie Zondler.

Will R. Hughes of Brush, Colo., arrived in Maryville Friday for a few days' visit here. Mr. Hughes likes it very well at Brush.

Thursday, September 15th

We change our policy from a charge account policy to a strictly cash policy.

WE HAVE NOTED THE TENDENCY of the buying public is to buy for cash.

The farmer sell his products for cash, he wants to buy for cash.

The laborer sells his services for cash, he wants to buy for cash.

The Mail Order houses and Chain Stores are strictly cash. Over 90 per cent of the different lines of business is being done on a strictly cash basis.

SO TO BE IN LINE WITH

the popular modern business methods we bid adieu to the charge account feature of our business and make our bow to the buying public in the new role of

MARYVILLE'S LEADING CASH STORE.

Since our first announcement of our cash policy many of our charge account customers have said to us that they were in hearty accord with our new policy. Having charge accounts was more of a habit than a necessity with them. We believe that every one of our customers will be loyal to our new policy of doing business knowing that the change will be of mutual advantage to both customer and store.

THE VERY LOWEST PRICES AND THE HIGHEST GRADE SERVICE will be as in the past, outstanding features of this store.
